

# Joint Service Issues affecting USMC Transformation

# Joint Roles/Requirements

- Joint Doctrine
  - Joint Standards
    - TCMS/ABFC
    - Force Protection planning / construction
    - Breach VS Ordinance Disposal/Clearance
    - ADR/Airstrip Certification

# Joint Roles/Requirements cont.

- Battlespace as Logic Regions?
  - Mission
    - Joint Roles/Requirements w/in Battlespace
      - Deep/Close/Rear
      - Forcible Entry from the sea (STOM)
  - Requirements match the mission
    - Complementary Capabilities (Non-Redundant)
      - Equip Compatibility (Supply/Logistics)
        - » Plug & Play (Ability to leave equip during RIP)
      - Overlapping Training Standards based on service specific mission (see education slide)

# Education

- Common Skill Set between services across all ranks (Overlapping)
  - Unit
  - Collective
  - ITS
- Joint Training (MTT) IOT train specific skills across all services
  - EHAT/EOCA/Search
  - Assault Breacher's Course/Dynamic Entry
  - Joint Engr Officer Course (concept)

# Education cont.

- Impacts of ITRO (combined schools)
  - Shared training areas
  - Equipment Incompatibility
  - Train Standards and Requirements
  - Deferring Mission Statements
    - Need for overlap

# Army/Air Force

- Impact of Changes
  - Army Realignment
  - Air Force requirements and standards
- Sea-basing across the services
  - Who owns what space/mission?
  - Do the services have the requirements to meet the mission?

# USMC Engr

## Mission/Requirements

- Structures Defined
  - Expeditionary (USMC Cmbt Engrs)
  - Temporary (Navy Seabees)
  - Enduring (Army Corps of Engrs/contracting)
- Engr Regt (Concept)
  - COA
    - MEF Engr to O-6 (Regt Cmdr)
    - Rotate Cmd (Navy/Marine)
    - Staff w/ Engr/Seabees
  - Modular/Scaleable
  - Plug and Play (Task Org capable)
